REF. 3266 WIFI VDS CALL DIVERT WI-BOX

Wi-box is a WiFi device with VDS technology that allows for forwarding the calls that are received on the VDS monitor or telephone in the house, to the smartphone. You only need to download and install the Wi-box app by Fermax, available for free in Play Store and App Store and pair it with the Wi-Box module.

It is installed in parallel to the VDS terminal, close to it. It behaves as another VDS terminal and by means of the Wi-box app it is posible to remotely enjoy the same features available in the terminal of the house and many more!. Connectivity for all from anywhere.
